

A Celebration of Research Excellence and Achievement on the Occasion of Tony Mikos' 60th Birthday

Join us for a full-day symposium of invited speakers honoring Dr. Tony Mikos in celebration of his 60th birthday. In the morning session, we will have leaders in tissue engineering selected from Dr. Mikos' collaborators and former trainees. The afternoon session will be focused on 3D printing experts associated with the Center for Engineering Complex Tissues. The symposium will end with a presentation and remarks by Dr. Tony Mikos. Breakfast, lunch and morning breaks are included in attendee registration.
